

ATLAS NANO

Vertical Platform Lift

A COMPACT AND UNIQUE SOLUTION TO SAFELY ACCESS ALL LEVELS OF YOUR HOME.

We understand that sometimes a traditional seated stair lift isn't the best option when it comes to accessing the levels of your home, especially if you use a wheelchair or mobility scooter.

The Nano Vertical Platform Lift is the ideal solution for indoor or outdoor steps. If you have steps leading to a deck, porch or garage, this is the best solution to allow you to access your home.

Its non-slip epoxy coated floor and galvanized steel panel are designed to be weather-resistant, and is guaranteed to hold up even in the harshest weather conditions. It will even work during a power outage so you wont ever have to worry about your safety!

KEY FEATURES FOR PEACE OF MIND

- Easy-Access Automatic Folding Ramp
- Smooth, Quiet and Effortless Ride
- Weather Resistant Materials
- More Attractive Look
- Battery Operated

REVOLUTIONARY FEATURES
