SPSFPCR: PC Reflector

SPSFARR: Aluminium Reflector

WARNING AND WARRANTY EXCLUSIONS

It is recommended that luminaires are installed by a qualified Professional and the installation complies with the current IEE wiring regulations. Standard terms and conditions apply see website for full details.

- This luminaire is for professional use only and not to be used in a domestic environment.
- Any broken or damaged parts should be reported to the retailer as soon as possible before installation.
- Novah will not accept responsibility for claims arising from sub-standard installation, which will void the warranty.
- The external cable flex is fixed and should not be replaced. If the cable is damaged the luminaire will fail.
- Terminal block/connectors are not included. Installation must require advice from a qualified person.
- CAUTION. Do not open the luminaire for risk of electric shock and invalidating the warranty.
- The light source of this luminaire is not replaceable by the end user.
- It may be necessary to upgrade your RCD/MCBs to allow for increased inrush current.
- Take note of the ambient/working temperature.
- Ensure that you have the tools and accessories required to complete the installation correctly: Isolate the power before starting installation.
- At the top of the unit on the round power supply is a square rubber gasket. Removal of this voids the product warranty so please do not remove it.
- DO NOT LOOK DIRECTLY AT THE LUMINAIRE WHEN TURNED ON. These are powerful luminaires and can cause discomfort and potential damage to the eye if done so.
