## GREAT THINGS ARE HAPPENING A Club Update

WOW, so much has happened since our last newsletter...here is a quick rundown:

We had another great test session along with our own home competition in February - both were a great success! As always, you can check out the results on the RRV website by clicking [here](#).

Skaters quickly moved on to ice show practice in late February. Hundreds of hours go into the shows including all the extra effort from coaches and parents to make it all happen. Fargo's theme was "Best Day Ever" and Moorhead's theme was "Enchanted Forrest." Both shows were so much fun to watch, and it was wonderful to see skaters from both sides come together to support and cheer each other on. Check out all the fun pics at the end of this newsletter!

# Spotlight: Synchro

The Red River Valley FSC continues to grow and one of the most exciting new additions has been the synchro team, the Nordic Crystals. The Nordic Crystals is an Aspire 2 synchro team with skaters ranging from ages 9-13. This year the team competed at multiple competitions and skated at the Moorhead ice show. Scan the code above if you are interested in getting more information about about being a part of the team including summer skills sessions and tryouts for the 2026-27 season!

## Resources

### GERANIUM SALES

Spring is in the air and so are geranium sales! Beginning April 12, our skaters will be selling beautiful geraniums to help fund their club clothing. It's a great way to support our athletes while adding a pop of color to your home or garden.

Sales packets will be sent to all skating families via email, so keep an eye on your inbox for all the details. Thank you for supporting our skaters—we couldn't do it without you!
