

ONTARIO SWINE RESEARCH DAY

**THURSDAY OCTOBER 1ST, 2026
THE GRANDWAY ELORA, ON**

The Ontario Pork Industry Council (OPIC) is proud to present Ontario Swine Research Day 2026 - an industry-focused event designed to reconnect Ontario's swine sector with current research, innovation, and practical on-farm application.

As part of the event, OPIC will host a Research Poster Session showcasing current swine research and innovation from across Ontario. Reviving the collaborative spirit of past research events, attendees will include representatives from feed, veterinary, pharmaceutical, genetics, extension, government, and research organizations, creating valuable opportunities for discussion, collaboration, and industry engagement.

This industry-focused event provides an excellent opportunity to:

- Share research findings and applied outcomes with industry stakeholders
- Exchange ideas and insights
- Foster collaboration between research and industry partners
- Highlight innovation and emerging priorities within Ontario's swine sector
- Network with key stakeholders from across the pork industry

AGENDA

Agenda is subject to change
