ABOUT TREEHOUSE NDSM

Treehouse NDSM is an art incubator located in Amsterdam's creative heart. Our goal is to foster the growth of creatives from diverse disciplines and help them bring their projects to life. We do this by offering 105 individuals an affordable studio for rent, access to exhibition and performance spaces, and the opportunity to be part of a vibrant artistic community. We also offer a diverse cultural program, which includes the monthly concert series "Live at Our Place", jam sessions, art exhibitions, theatre plays, performances, open mics for writers, and much more.

RENTAL OF SPACES IN AMSTERDAM'S CREATIVE HEART

Apart from renting studios for artists, we also offer other spaces for events of all kinds. Whether you are looking for a team building activity, a special dinner event, or a performance venue, we have 4 spaces that can fit what you have in mind:

- **Pavilion | equipped multi-purpose venue** (200 m2 of ground floor + 100 m2 of mezzanine)
- **Cantina | 50m2 space with kitchen and bar**
- **Workshop Space | 50m2 space**
- **Meeting Room | 15m2 with tables and chairs**

OTHER SERVICES

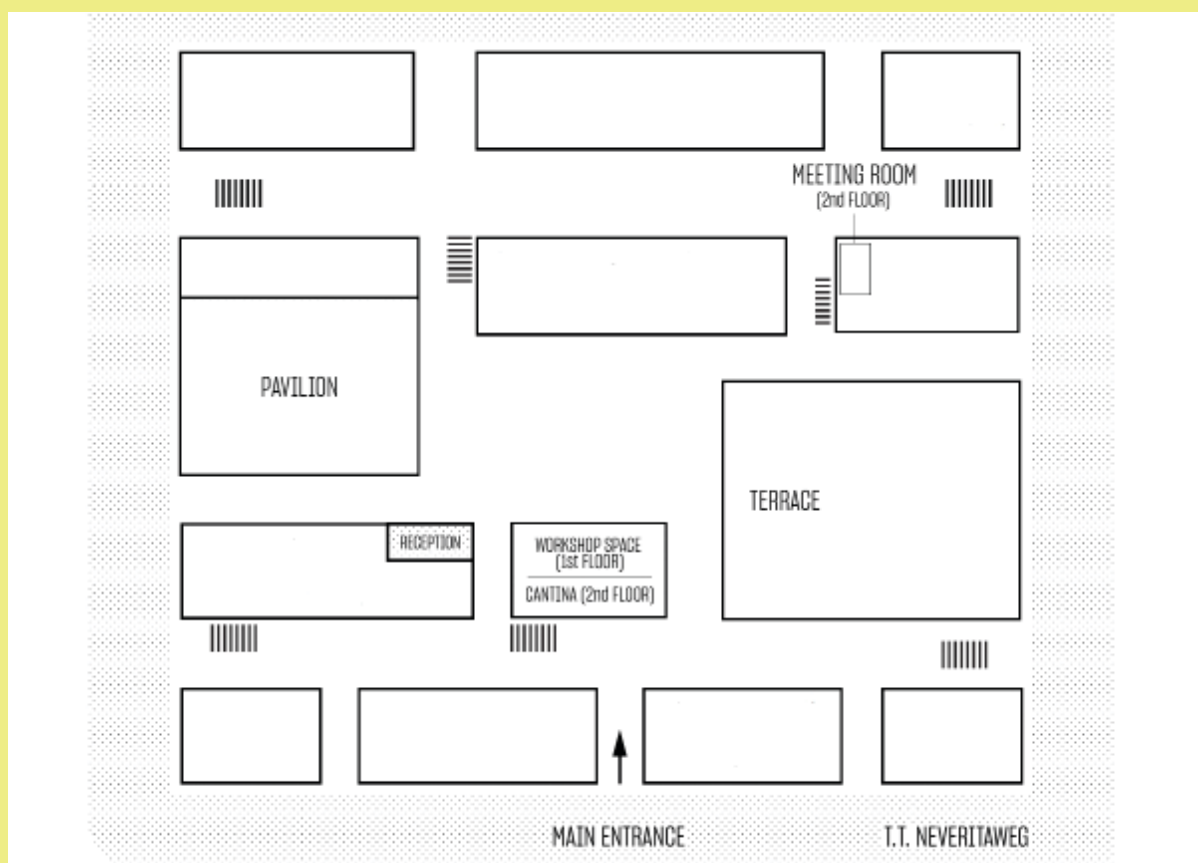

Depending on your needs, we can offer you:

- **A bar**
- **Catering**
- **Team building activities**
- **Equipment (sound, light, video beamer)**
- **Security**
- **Technical support**

TEAM BUILDING & CREATIVE ACTIVITIES: A UNIQUE OFFER FOR COMPANY TEAMS

Treehouse NDSM is a lively community that can inspire teams within local companies in diverse ways. Led by its resident artists, activities can be organised for your team, clients or partners. These can be part of a **team building experience or a creative brainstorming to work on challenges for which you wish to get a different perspective on or a new approach: sustainability, leadership, collaboration, communication strategy, etc.** Share with us your needs and wishes and we will develop a full day of activities and discussion sessions that align with them.

More information about these activities from page 8 of this document.

OUR CULINARY SERVICES & DRINKS

Our cantina is open from Monday to Friday from 12h30 to 15h for a simple lunch with soup, bread or main course made by our cooks **Vegan Bear Chef or Alga** . We can also offer a buffet, a borrel (snack selection) or dinner for 100 pers.

Gabriele, known as the Vegan Bear Chef, is a chef specialized in creative vegan cuisine, dedicated to using local and fresh ingredients, with a preference for those with a short shelf life. In his creations, he avoids as much as possible processed ingredients or substitutes, showcasing the wonders of vegetables. Gabriele's cuisine is simple, like the best things nature has to offer! His strength lies in Italian cuisine, given his origins, but he gladly accepts the challenge of creating and veganizing dishes from around the world.

TEAM BUILDING & CREATIVE ACTIVITIES

Apart from the rental of spaces, we also offer the organisation of a day of artistic and creative activities. Treehouse resident artists plan and supervise a wide range of workshops for small groups, such as improvisational theatre by Flock Theatre (an opportunity to get insights on presentation skills, pitching, body language, storytelling and diversity), photography with Maud Fernhout or molding clay with Helga van Stralen. From painting in watercolour to the creation of a collective fresco, we can arrange a custom activity according to your wished and the availability of Treehouse creatives.

PAST ACTIVITIES ORGANISED FOR COMPANIES:

“Human-Being versus Human-Doing” workshop by Esther Kin, visual artist

An active and visual investigation with the theme “DOING”. In this workshop, the participants use a brush and ink to experience how you to DO with as much vigor and impact as possible. They will see what this looks like in black and white. But how can we DO while preserving our own energy, the environment and each other?

Brainstorming workshop by Rika Maja Duevel, visual artist

Through drawing prompts with color and lines, each participant creates an image based on their first instincts and subconscious. Each overlapping drawing is created while listening to a piece of music. This is a great way to get out of your comfort zone, to get creative, and to think about branding and logo design possibilities before moving towards the design stage.

“Cooking Together is Key to a Cohesive Team” workshop by Vegan Bear Chef

Vegan cooking offers a unique opportunity for collaboration and creativity. Preparing delicious meals together not only encourages communication and teamwork, but also promotes sharing values such as sustainability and well-being. This unique experience of making a three-courses menu will allow you to connect in an authentic, relaxed and fun way.

Body Percussion workshop by Marta Golka, musician

In this workshop, you will learn to use your body as an instrument through clapping, snapping, tapping or stomping. Together with your group, you will be building up rhythms that will leave everyone grooving long after the workshop.

“Make Your Own AI chatbot” workshop by Mark Hinch, tech designer and artist

Learn how to set up and train your own locally-hosted LLM using free open-source tools! Participants will learn the basics of how LLMs (such as ChatGPT, Gemini, Llama etc) work. They will then set up, install and ultimately start to train their very own locally-hosted AI chat tool. A great first step towards creating your company’s own local AI tooling.

Events for your team or clients

Treehouse NDSM can also propose an event with live music and a dinner for your team or clients. With more than 56 musicians working in our studios, we can arrange an intimate concert in varied genres (singer songwriting, classical, jazz, pop and more). We also have DJs available for a party or event. Our Pavilion (300m2 venue) is a versatile space than can be configured and set up in the most convenient way for your desired event (for example, with a dinner o the mezzanine and a concert or party downstairs).

Workshop in Treehouse’s courtyard

Terrace and out-of-soil garden.
