

Come along to The Great Get Together.

Come along and meet your community. There will be free refreshments and activities. Everyone is welcome.

You can chat with local residents who work with the city council to find out what they do and how you can get involved in making your neighbourhood even better by joining resident engagement.

Housing Services will be there to offer advice, and you can speak with our Housing, Allocations and Anti-Social Behaviour colleagues and Mears. Community, charitable and emergency support organisations will be available at some locations.

**Turn over to see where we'll be
and when**
