About Denplan Essentials Smile for Life

Denplan Essentials is a payment plan that helps you spread the cost of your routine and preventive dental care. It's a great feeling when everything's sorted

We have found patients on a payment plan can enjoy better oral health and often don't need the same level of dental treatment as those who don't belong to a scheme. This is because we are able to focus on the prevention of dental disease; patients on a plan may attend the dentist on a more regular basis which means we can intervene quickly to resolve any oral condition that may lead to dental or gum disease. We strongly recommend all our patients join Denplan Essentials

Optional Denplan Supplementary Insurance

Denplan Supplementary Insurance provides cover for dental injuries and emergency treatment, whether in the UK* or on holiday abroad (see Supplementary Insurance details for this plan). Simply call our UK-based, 24-Hour Worldwide Dental Emergency Helpline: we'll put your mind at rest and help find you an appointment.

* Emergency treatment applies when more than 40 miles away from your Dental Practice.

Signing up is simple

It's not necessary to have a pre-assessment before joining Denplan Essentials. It's quick and easy to get started. Simply have a chat with your Denplan dentist and arrange an appointment. The dentist will discuss your dental care with you and tailor a plan to fit your needs. They will ask you to sign a contract with them and complete an application form which is then sent to Denplan. Further information, benefit limits, exclusions and full terms and conditions can be found in the Denplan Essentials Application and Membership Booklet.
