

Georgia Power announces 2025 Energy Storage System Request for Proposals

ATLANTA, Sept. 23, 2025 /PRNewswire/ -- Georgia Power has announced the open comment period for its 2025 Request for Proposals (RFP) for Energy Storage System (ESS) resources. Approved by the Georgia Public Service Commission (PSC) as a part of the company's 2022 Integrated Resource Plan (IRP), this RFP provides a competitive solicitation for Georgia Power to procure 500 MW of ESS. The company prefers the procured resources to be online by no later than the end of 2031.

The RFP, administered by independent evaluator Ascend Analytics on behalf of Georgia Power, will solicit:

- Standalone ESS with grid charging capability; and
- ESS with Renewable Resource (new or existing) and grid charging capability

The procurement target capacity is 500 megawatts (MW), with a required storage discharge duration of at least two hours.

Interested participants are required to register through the [Ascend Analytics Power Procurement platform](#) where they will be invited to attend an RFP Bidder's Conference, either in person or via a virtual option, on Sept. 29, 2025. Participants should visit the independent evaluator website for additional details of the RFP and Solicitation Schedule.

All proposals and communication must be submitted through the [Ascend Analytics Power Procurement platform](#). Georgia Power will not accept submissions or inquiries by phone, email or mail for the program.
