

Cultivating Seeds of Generosity

In June, the General Board of Friends United Meeting approved both the general and global ministry budgets for the current fiscal year (FY22), which started on July 1, 2021.

The general budget provides funding for the ministry network that supports all FUM’s programs and global ministries. It includes the operational activities of FUM’s offices in Richmond and Kisumu, including staff salaries, ministry travel, facilities and rentals, and communication ministries. The General Budget approved this year is \$801,580.

The global ministry budget represents FUM’s commitments to fund our global ministries programs, project partners, and field staff members. This year’s budget features nearly fifty vital ministries that Friends are generously supporting. The FY22 Global Ministry budget is \$1,101,297.30.

FUM’s budgets are funded through the generosity of Friends, Monthly Meetings, and Yearly Meetings who care and give to empower FUM to energize, equip, and connect the global community of Friends.
