

DESCRIPTION

The Monument Mirror, a gracefully contoured and impeccably balanced piece that seamlessly melds functionality with sculptural elegance. Crafted with precision, the mirror’s frame is available in seven wood types. The frame is finished with natural oils, enhancing the wood’s natural texture while providing a protective layer. Select from two sizes to perfectly complement your space. Just like its name, the Monument Mirror represents something meant to be significant and enduring – a piece that leaves a strong impression and carries lasting value.

PRODUCTION PROCESS

The production of the Monument mirror begins with the selection of premium, sustainably sourced solid wood. The wood is precisely cut to form a seamless frame. Skilled artisans use expert joinery techniques to assemble the frame, ensuring both precision and stability. The frame is then hand-sanded and treated with natural oils and waxes, enhancing the wood’s texture and providing a durable, protective finish. A high-quality reflective glass is securely installed, and the mirror undergoes a thorough quality inspection. Finally, it is carefully packaged to ensure safe delivery - a reflection of Artisan’s commitment to quality and sustainability.
