

Ray Table Lamp

FSC® certified oak wood

The Mater Ray Lamps are a stunning lighting series, combining oak and steel in a beautifully innovative contrast. Designed by Danish design studio PEDERJESSEN, The Ray collection has a strong aesthetic reference to Nordic minimalism and materials, yet utilises low energy. The wooden globe shade is mounted inside the steel shell with magnets so that the user can position the beam of light in any direction. The Ray Lamp is ideal in lounge areas for reading or creating a soft luminosity.

CO₂ Footprint

At Mater, we believe in the importance of transparency. By doing Life Cycle Assessments (LCA) on our furniture, we can analyse the total climate emission for each of our product's lifespan.
