### DESCRIPTION

Marcel Gascoïn's modernist classic, the C-Chair, is reimagined for outdoor living, crafted from solid teak and outdoor-friendly French cane. Preserving the balanced proportions and refined simplicity of the 1947 design, the C-Chair outdoor edition combines elegance and durability for contemporary living. Its slender silhouette and compact scale make it ideal for terraces, gardens, and balconies – perfect for gathering more guests around the table or where space is limited. The six-way woven French cane made from high-density polyethylene is handwoven, capturing the airy lightness and warm tactility of the indoor version. Functional, resilient, and timeless, the C-Chair outdoor edition embodies Gascoïn's enduring belief that good design should elevate everyday life.
