PRODUCT SPECIFICATIONS FOR PÅFÅGEL

Black and white graphic rug in wool and linen in a unique color scheme. Time-typical floral design which, thanks to its color and organic graphic form, is trend-sensitive with its timeless personality. Many designers draw inspiration from nature and the plant kingdom. And have always done. This rug is a black and white shag rug with variations derived from it being produced in wool and linen such as the Stubb quality. Despite its floral design, it's named after a bird – the Påfågel with its magnificently patterned feathers. It is easy to understand why when you see the unfolded feathers or leaves. The original was a woven rug in Kasthall's quality Malaga, a Chenille yarn in wool and linen and was originally available in eight color schemes, although the magic of the black and white is the most captivating. Kasthall Design Studio has revived the woven original edition from the early 70's and reinterpreted the carpet to tuft with the help of new yarns.

CARE ADVICE HAND TUFTED RUGS

To further extend the lifetime of your rug, Kasthall recommends a regular maintenance so that the rug may retain its shape and appearance. If you have a light, single-colour rug you will need to care for it more often than a darker, patterned rug. Thorough vacuum cleaning is the best, most economical and environmentally friendly cleaning method. Beating or shaking a rug may damage the fibers. Note that it is quite normal for the rug to lose individual fibers when used, these are excess fibres and it does not affect the general quality of the rug. If you want to get rid of excess fibres faster, you can vacuum the rug daily for an initial period. It is most efficient to vacuum the rug one direction at a time. Remember that hand tufted rugs in linen are sensitive to water, so take particular care with the amount of water you use when removing stains.

CLEANING ADVICE

We recommend that the rug is cleaned by a professional cleaner, using the extraction method on a flat surface. The quantity and temperature of the water will depend on the material and pile length. Good ventilation during the drying process is essential. Shrinkage will be about 3-5%. Kasthall's rugs are not to be machine-washed or dry-cleaned. [At your rug and our stain guide.](#)

CHOOSING A RUG

Choose the characteristics of the rug, its colour and design to suit the space in which it will be laid. If it is to be laid in a hall, for example, you may choose a type of rug that is more resistant to wear, and a colour that is a little darker and dirt-tolerant. Use a rug as a means of bringing together the rest of the interior. Decide whether you want to place a sofa on the rug or at its edge. If a rug is to be placed underneath a dining table, add at least 60 cm all round the table to allow space for pulling out the chairs. Hand tufted rugs are suitable for creating cosy environments with warm acoustics. Depending on the quality, hand tufted rugs can work equally well in domestic settings and public spaces. Ideal for use in living rooms, bedrooms and in lounge environments and hotel rooms.

Examples of commonly used rug sizes:

1. Dining table with 6 chairs: rug size 200x300 cm
2. Dining table with 10 chairs: rug size 300x400 cm
3. Three-seat couch with armchairs: rug size 170x240 cm
