PRODUCT SPECIFICATIONS FOR PINSTRIPE XL

Pinstripe XL is a collection designed by Claesson Koivisto Rune. The Pinstripe pattern was launched back in 2007, as a woven carpet for the Opera-källaren restaurant in Stockholm. Inspiration for the pattern itself originally came from a photograph of Kevin Spacey wearing a pinstripe suit with a buttoned-up shirt. "That's perfect", thought Claesson Koivisto Rune, who used a pencil to draw a pinstripe pattern by hand, and then enlarged it. When the five-star Nobis Hotel opened in Stockholm, in 2010, Claesson Koivisto Rune breathed new life into Pinstripe and created a fresh version. This time it took the form of hand tufted rugs with the original design enlarged even further, hence Pinstripe XL. Pinstripe XL is a collection that exudes a sense of luxury and elegance through its quality, colour and simple, but sophisticated pattern. What is distinctive about Pinstripe XL is that the hand-drawn pinstripes have a totally different character, partly as a result of blowing up the pattern and partly due to the relief effect achieved by combining cut pile with bouclé. The collection is available in four colours – Mahogany, Red, Black and Warm Grey – and is made in wool and linen.

PRODUCT TYPE: Hand tufted rug in high-quality worsted wool with an effect of linen

PILE MATERIAL: 95% wool, 5% linen

BASE FABRIC: Polyester

BACKING MATERIAL: Polypropylene and recycled yarn

ADHESIVE: Aqueous acrylic adhesive

SIZE: 170x240 cm, 200x300 cm, 270x360 cm. Other sizes upon request.

PILE HEIGHT: approx. 13 mm

PILE WEIGHT: approx **g/m²**

TOTAL HEIGHT: approx. 17 mm

TOTAL WEIGHT: approx **g/m²**

Wear classification:
(EN 1307) Class 32
Commercial General

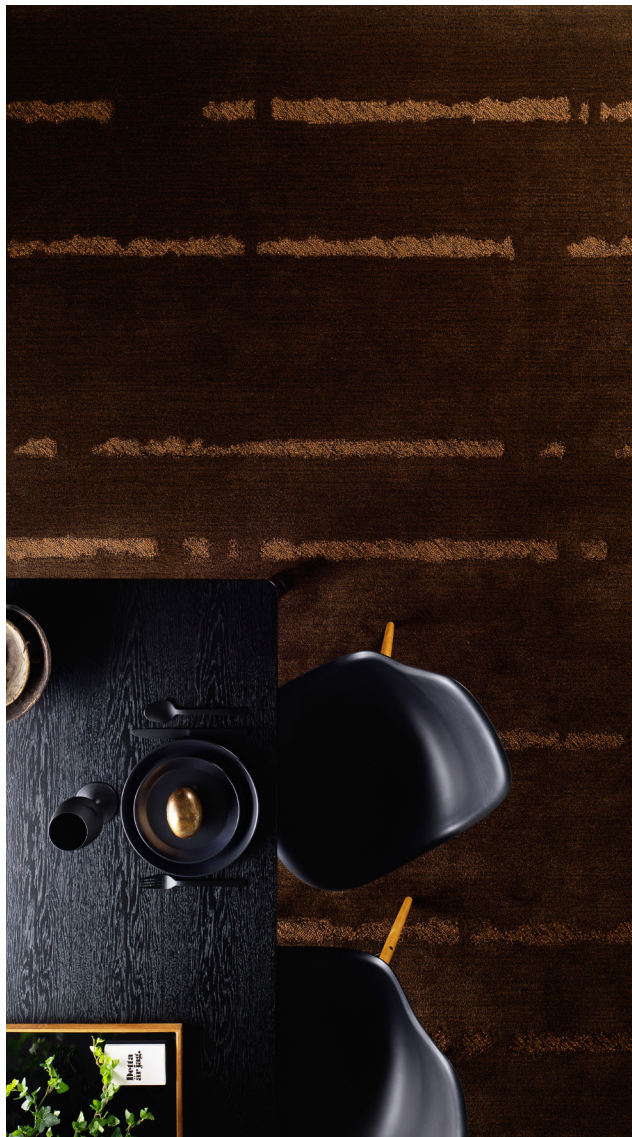

Wear classification:
(EN 1307) Class 23
Domestic Heavy

Luxury rating:
(EN 14215) LC 5

Fire classification:
(EN) Cfl-s1

SUSTAINABILITY AT KASTHALL

Sustainability is rooted in Kasthall's history. It was there when we started and continues today in our work and ambition to contribute to a sustainable future. It is evident in our circular approach to design and in a fully-traceable supply chain to reduce our impact on people and planet. It is part of our commitment to local Swedish production and a made-to-order system that creates less waste. We also use third-party environmental declarations and assessment to ensure reliability. CARE ADVICE HAND TUFTED RUGS

To further extend the lifetime of your rug, Kasthall recommends a regular maintenance so that the rug may retain its shape and appearance. If you have a light, single-colour rug you will need to care for it more often than a darker, patterned rug. Thorough vacuum cleaning is the best, most economical and environmentally friendly cleaning method. Beating or shaking a rug may damage the fibers. Note that it is quite normal for the rug to lose individual fibers when used, these are excess fibres and it does not affect the general quality of the rug. If you want to get rid of excess fibres faster, you can vacuum the rug daily for an initial period. It is most efficient to vacuum the rug one direction at a time. Remember that hand tufted rugs in linen are sensitive to water, so take particular care with the amount of water you use when removing stains.

CLEANING ADVICE

We recommend that the rug is cleaned by a professional cleaner, using the extraction method on a flat surface. The quantity and temperature of the water will depend on the material and pile length. Good ventilation during the drying process is essential. Shrinkage will be about 3-5%. Kasthall's rugs are not to be machine-washed or dry-cleaned. [At you can read more about our materials, how to](#) your rug and our stain guide.

CHOOSING A RUG

Choose the characteristics of the rug, its colour and design to suit the space in which it will be laid. If it is to be laid in a hall, for example, you may choose a type of rug that is more resistant to wear, and a colour that is a little darker and dirt-tolerant. Use a rug as a means of bringing together the rest of the interior. Decide whether you want to place a sofa on the rug or at its edge. If a rug is to be placed underneath a dining table, add at least 60 cm all round the table to allow space for pulling out the chairs. Hand tufted rugs are suitable for creating cosy environments with warm acoustics. Depending on the quality, hand tufted rugs can work equally well in domestic settings and public spaces. Ideal for use in living rooms, bedrooms and in lounge environments and hotel rooms.

Examples of commonly used rug sizes:

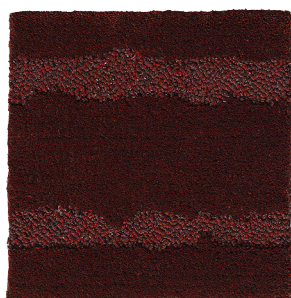

1. Dining table with 6 chairs: rug size 200x300 cm
2. Dining table with 10 chairs: rug size 300x400 cm
3. Three-seat couch with armchairs: rug size 170x240 cm
4. Three-seat double couch: rug size 200x300 cm
5. Three-seat double couch: rug size 250x350 cm
6. Corner sofa with armchairs: rug size 250x350 cm
7. Three-seat double couch: rug size 300x400 cm
8. Corner sofa with daybed and armchair: rug size 350x450 cm

OTHER INFORMATION

- Depending on the materials used and the rug-making process, dimensions may vary by up to 2% so please state maximum or minimum dimensions when placing your order.
- Note that all rugs from Kasthall are made from natural materials. Variations in colour and texture can therefore arise between batches of yarn and dye baths.

Project: Nobis Hotel – Four custom made Pinstripe XL in Hotel Lounge

When the five-star Nobis hotel opened in Stockholm, in 2010, Claesson Koivisto Rune breathed new life into Pinstripe and created a fresh version. This time it took the form of hand-tufted rugs with the original design enlarged even further, hence Pinstripe XL. Pinstripe XL is a collection that exudes a sense of luxury and elegance through its quality, colour and simple, but sophisticated pattern. What is distinctive about Pinstripe XL is that the hand-drawn pinstripes have a totally different character, partly as a result of blowing up the pattern and partly due to the relief effect achieved by combining cut pile with bouclé. The collection is available in four colours – Mahogany, Red, Black and Warm Grey – and is made from wool and linen.

The Swedish trio founded their multi-disciplinary office of architecture and design in 1995 and have since then gone on to reap huge success around the world winning numerous awards for their projects. To Kasthall they are very dear and we have collaborated on many projects, where we have developed customized rugs and carpets together. And because everyone has been so happy with the end result, Kasthall has decided to launch two of them as collections, for everyone to enjoy.
