Originating from the Häggå-family, these timeless classics with small-scaled patterns fit every room or space. Post Icon with its rods that, when combined, forms a lattice pattern. The colors are inspired by the more urban contexts of nature, such as the harsh shadows cast from park streetlights, showcasing both depth and clarity. - Depending on the materials used and the rug-making process, dimensions may vary by up to 5% so please state maximum or minimum dimensions when placing your order.
- Note that all rugs from Kasthall are made from natural materials. Variations in color and texture can therefore arise between batches of yarn and dye baths.
- Rugs should be laid on an underlay that prevents them from moving on all types of flooring. This extends the life of the rug and reduce the risk of slipping.
- The use of backing fixes the dimensions of a rug and extends its life. This is recommended for rugs that are wider than 200 cm and/or those larger than six sqm.
