575S 98.6°F OUTDOOR DINING ARMCHAIR

By Neri&Hu

The 98.6°F Outdoor Collection is named after the body temperature we take for granted as “normal” which is in fact our bodies’ highly calibrated ability to balance between a temperature too high or too low.

The furniture collection is also deceptively simple in its outward appearance: it is a versatile yet modest collection of wooden chairs and tables for everyday use that has great tectonic sophistication.
