DIMENSIONS	17 W 17 D 19 H IN 43 W 43 D H CM
WEIGHT	40 lbs 18 kg
FABRIC REQUIREMENTS	2 yards swatch required for approval
SHIPPING	Worldwide shipping. Quotes upon request.

CLEANING INSTRUCTIONS

Fabric

Vacuum regularly, use non-abrasive textile cleaners in order to remove any stains from the fabric.

Leather

Vegetable tanned leather

Suede

Upon touching the items without gloves, fingerprints are likely to occur and leave marks. If you have a leather item with some marks or stains use a dry, soft bristled brush to remove loose debris from the surface of the leather. Use a lightly dampened rag with distilled or bottled water to clean and remove surface dirt. Do not focus on one area, but rather a complete wipe down moving quickly and evenly.

PLEASE NOTE: Natural materials will come with peculiarities and develop a characteristic patina over time

Wood

Use a soft dust cloth wrung out in clean water and gently go over marks until clean. After cleaning, the wood should be dried with a soft cloth to prevent streaks and scratches.

PLEASE NOTE: All of our wood products have a water based clearcoat for further protection.
