Oka Tray - Earth

Product Description

The Oka Tray - Silver Travertine carries a quiet echo of tradition, its form inspired by the serving trays that have accompanied Japanese rituals for centuries. These trays, once simple companions to daily life and ceremony, find new life in a shape that is both sculptural and serene.

Its silhouette speaks of balance and proportion, an architectural presence distilled into the gentlest of gestures. Handcrafted from Silver Travertine Earth, its layered tones of silver-grey, taupe, and soft earthy undertones create depth, warmth, and a grounded elegance. It holds space with grace, whether cradling objects of everyday life, framing seasonal arrangements, or standing alone as a sculptural artwork.

The Oka tells a story of heritage carried forward, where past and present meet in harmony. Ideal for sideboards, coffee tables, dining tables, or console displays, the tray organizes and elevates objects--vases, candles, or bowls--while contributing a sculptural, contemplative presence to interiors. It is an invitation to pause, to see beauty in simplicity, and to celebrate tradition reimagined.

Each tray is a natural creation, showcasing the unique texture and subtle variations inherent to Silver Travertine, making every piece distinct.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Color Description

Silver Travertine is a natural colour defined by layered tones of silver-grey, taupe, and soft earthy undertones. The interplay of these shades creates depth, warmth, and a sense of quiet strength. Timeless and versatile, this colour bridges ancient character with contemporary elegance, offering a grounded yet refined presence in any setting.

Maintenance Guide Description

Silver Travertine is a natural stone, prized for its layered texture, subtle variations, and food-safe qualities. It can be enjoyed for both decorative purposes and serving. Clean regularly with a soft, damp cloth and mild, pH-neutral soap, then dry thoroughly to prevent water spots.

As travertine is porous, spills should be wiped away promptly to avoid staining, particularly from liquids such as wine, coffee, or oils. Avoid acidic or alkaline cleaners, vinegar, citrus, or abrasive pads, as these may etch or scratch the stone. For serving, use utensils with care and avoid cutting directly on the surface to preserve its finish.

With occasional sealing and mindful care, Silver Travertine will retain its natural depth, strength, and timeless beauty, enriching both everyday rituals and decorative settings.
