Union

PENDANT

SkLO + AvroKO

The designs of the Union lighting series combine upward- and downward-oriented glass dome shapes of different proportions in carefully curated palettes that mix color, transparency, and texture. The Union Pendant is the largest of the series, composed of three different glass colors and textures. The lower part of the pendant houses its light source within a long, narrow, opaque glass dome, which is itself enclosed within a larger transparent glass dome. Above the detailed brass hardware transition sits a smaller, upward-facing dome of frosted glass. The color palettes are carefully curated to be both compelling and stately. Available in multiple glass color combinations, and brass hardware finishes. Part of the SkLO + AvroKO collection – a collaboration between SkLO and the AvroKO Partners.

UL listed suitable for dry and damp locations (US & Canada)

Socket 120V G9 7W Max (LED bulb included)

Requires recessed electrical box for installation

Standard canopy does NOT accommodate sloped ceilings or swagging of this light. Other canopy options are available at an additional cost. Visit the Accessories page on our website to see available canopy options and review compatibility

This fixture is compatible with one or more of SkLO customizable multi-pendant canopy systems. Visit the Accessories page on our website to see available systems and review compatibility

Fixture length:

Fixture includes our field-adjustable Standard Stem Kit (consists of (1) 6"/152mm, (2) 12"/305mm, and (1) 18"/458mm combinable stem sections) – additional Stem Kits are available at additional cost

Our field-adjustable Extended Stem Kit is available at additional cost (consists of (1) 6"/152mm, (1) 12"/305mm, (1) 18"/458mm, (1) 24"/610mm and (1) 36"/915mm combinable stem sections)

Custom cut-to-order stems (not field-adjustable) available – requires specified OAL (overall drop length) – minimum OAL 27"/685mm. Lengths over 69"/1755mm available at additional cost

Fixture weight (approximate): 9lbs/4kg

Handblown glass production results in variation in dimensions, shape, color saturation, color tint, and imperfections such as small bubbles. This is part of SkLO design intent

Made in the Czech Republic

LT632 [][- -] Union Pendant
