406 SAIA DINING CHAIR

By Matthew Hilton

Saia is a family of visually light shell seating with an elegant form and refined comfort. The upholstery was designed to be crafted in two parts to create visual levity and to allow the seating to be upholstered in a single material or a combination of two. The proportions were carefully considered for ergonomics, beauty, and performance in a variety of environments.

The Saia family includes a bar stool, dining chair, and lounge chair.
