

DE LA ESPADA

## 351 HEPBURN BED

By Matthew Hilton

Hepburn is a luxurious upholstered bed with elegant simplicity and visual lightness achieved through the clever use of superb materials.

A slim platform lifts the mattress above slender solid wood legs. Optional side tables in solid wood connect intuitively to the underside of the bed, and 'float' above the floor, maintaining the visual levity of the form. The bed is ideal for compact spaces as the frame is only minimally larger than the mattress.

Interested in the idea of impossible lightness, Matthew Hilton tries to create the feeling of greater spaciousness in a room by reducing the visual weight of his furniture. Hepburn Bed is part of a series of 'impossibly light' products including Hepburn Sofa and Light Table.

### **MATERIALS**

#### TIMBER

Black walnut, white oak, or ash with a choice of a clear Danish oil, white oil, or black oil finish. White oak additionally available oxidised; ash additionally available stained or painted in a choice of 10 colours: black, white, bone, ochre, bordeaux, forest, fjord, bay, lagoon, or cove.

#### UPHOLSTERY

Our full standard range of fabric and leather options. COM and COL available upon request.

### **NOTES**

Platform base is an advanced, black dyed wood composite with an oil and wax finish. This panel has holes for air circulation.

The platform surface is smooth, thus a small amount of mattress movement may occur, though in most cases the weight of the mattress will hold it in place. If you prefer to control the movement, you may wish to use a non-slip mattress pad.

When using leather to upholster the expansive surface of the headboard, our craftspeople will use their discretion to ensure the natural variations in the hide's colour and grain are most elegantly displayed. This may mean adding stitch lines to the headboard.
