

766 FRAME SOFA SYSTEM

By Neri&Hu

The Frame Sofa System is a modular seating system that comprises twelve key modules, offering almost limitless possible configurations.

Frame series explores the architectural concept of tectonics, celebrating the art of construction. It was developed with the objective to create a single frame that could serve all the needs of the product such as a base, legs, decorative feature, and even practical support for accessories including optional brass trays. Made from solid wood, the frame's appearance reveals clearly how it is constructed through the visible joinery details.

MATERIALS

TIMBER

Black walnut, white oak, or ash with a choice of a clear Danish oil, white oil, or black oil finish. White oak additionally available oxidised; ash additionally available stained or painted in a choice of 10 colours: black, white, bone, ochre, bordeaux, forest, fjord, bay, lagoon, or cove.

UPHOLSTERY

Our full standard range of fabric and leather options. COM and COL available upon request.

NOTES

Optional brass tray available separately.

Back cushions are made from a combination of quilting and duck down. Seat cushions are made from a combination of memory foam and high density foam.

Refer to the Frame Sofa Worksheet for a full list of modules and further information on possible configurations.
