780 CAPO BAR STOOL

By Neri&Hu

The Capò series was initially designed for the Italian restaurant Capò in Shanghai, where the interior design concept was based on a basilica and possessed an old world charm of masonry enclosure appointed with handsomely crafted detailing. The chair series also takes on those qualities of heritage, where the simple and modern form is enriched with tailoring details that evoke old-world sensibilities.

The Capò is a well-balanced equilibrium between sophistication and utility, between classic and contemporary aesthetic. The Capò series includes a dining chair with and without arms, a bar stool in two heights, and a lounge chair with or without arms.
