GHOST / MODULAR SOFA, Paola Navone

Modular elements of various shapes and sizes, which give life to all the possible combinations of Ghost, a sofa created with a light body and essential volumes. Solid beech frame with raw plywood panels, upholstery with polyurethane foams, covered by resinated material. The main feature of the Ghost sofas is the removable cover, an oversize housse whose shape is underlined by the visible stitching, allowing it to be put on and taken off in a flash. A textile product that easily changes appearance, allowing you to go from a formal to an informal look with ease and speed.
