CLEANING INSTRUCTIONS

Solid Wood

Use a soft dust cloth wrung out in clean water and gently go over marks until clean. After cleaning, the wood should be dried with a soft cloth to prevent streaks and scratches.

PLEASE NOTE: All of our wood products have a water based clearcoat for further protection.

Leather

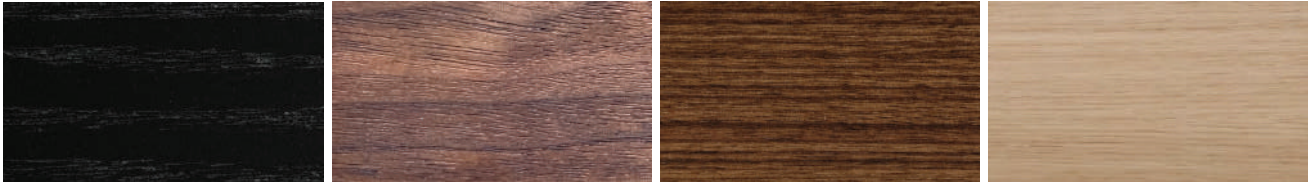

Vegetable tanned leather

If you have a leather item with some marks or stains use a dry, soft bristled brush to remove loose debris from the surface of the leather. Do not focus on one area, but rather a complete wipe down moving quickly and evenly.
