## SPIN / STANDING LAMP, Michael Sodeau

Sinuous lines reminiscent of the enveloping shape of a nest characterise the family of floor lamps Spin. The enveloping structure, reminiscent of the spindle of the spinning wheel, is made entirely of woven wicker. It is a product capable of creating a warm and welcoming atmosphere thanks to the light that is filtered by the natural fibre weave. Internal structure made of round iron bars stained with semi mat epoxy powders, handwoven with natural melange rattan core. Supplied with complete wiring set. Max. 14 w (SPIN S) or 19 w (SPIN M – SPIN L), max. 220 Volt, bulb holder E 27. On request, 110 Volt, US plug. Bulb not included.

Directive 2002/96/EC (Waste Electrical and Electronic Equipment - WEEE): information for users. This product complies with EU Directive 2002/96/EC. The crossed-out wastebasket symbol on the appliance means that at the end of its useful lifespan, the product must be disposed of separately from ordinary household wastes. The user is responsible for delivering the appliance to an appropriate collection facility at the end of its useful lifespan. Appropriate separate collection to permit recycling, treatment and environmentally compatible disposal helps prevent negative impact on the environment and human health and promotes recycling of the materials making up the product. For more information on available collection facilities, contact your local waste collection service or the shop where you bought this appliance.
