8" / 200mm
Large

SkLO Mantle Vessels are organic spherical vessels with overlapping triple color schemes of two opaque colors cupping a third transparent color void. The colors are encased in thick clear Czech glass, giving the impression of the colors floating individually within the substantial form.

All glass dimensions are approximate – handblown glass dimensions vary by nature and intent

Made in the Czech Republic

VA731 [---]
VA732 [---]

Glass colors

Small
Large

- Fuchsia [FUS]
- Lagoon [LAG]
