

SkLO

Veer

LIGHT

The Veer Light consists of four lit spheres of handblown Czech glass on a brass armature. Three of the spheres are 7" (180mm) in diameter, and the fourth is 10" (250mm) in diameter. The glass diffusers feature the signature SkLO double-dipped, fire-polished mouths which show where the glass is broken from the blower's pipe, making each unique.

UL listed suitable for dry locations only (US & Canada)

Sockets 120V G9 7W Max

LED bulbs included

72"/1800mm black fabric-wrapped cord with in-line switch

All glass dimensions are approximate – handblown glass dimensions vary by nature and intent

Made in the Czech Republic

LT380WHT
