

SkLO

Twice

LIGHT

The Twice Light consists of two lit diffusers of handblown Czech glass connected by a cylindrical brass armature. Two diffusers of different diameters make for an asymmetrical light, and they can be ordered in either the same glass color for a monochrome look, or the diffusers can be two different glass colors. A brass ring is included with the light and used under the large diffuser to stabilize the light. The glass diffusers feature the signature SkLO double-dipped, fire-polished mouths which show where the glass is broken from the blower's pipe, making each piece unique.

UL listed suitable for dry locations only (US & Canada)

Sockets 120V G9 7W Max

LED bulbs included

72" (1830mm) black fabric-wrapped cord with in-line switch

All glass dimensions are approximate – handblown glass dimensions vary by nature and intent
