# Tara Shelving System

## PRODUCT NAME

Tara Shelving System

## DESIGNER

Monica Förster

## YEAR OF DESIGN

2015

2025 - With cabinet

Tara shelves can be used as single units or as a family for a range of interior design wants. The shelves are equally beautiful and functional when positioned against a wall or as room-dividers. In addition to creating a versatile piece, Tara demonstrates the exquisite craftsmanship of Zanat in the fine joinery that utilizes our unique hand-carving techniques.

Tara was selected by the German Design Council for the Interior Innovation Award 2015.

TARA SHELVING SYSTEM (WITH CABINET)

PREASSEMBLED

CUSTOMIZATION OPTIONS

Different color combinations and customized interior shelving are both possible. Custom finishes may be possible upon request. Dimensions cannot be customized.

ADDITIONAL INFORMATION

The cabinet component of the Tara Shelving System is available in two versions: either with the entire cabinet carved or with carving on the doors only.

ENVIRONMENT

Indoor. Outdoor is possible if protected from sunlight and precipitation.

\* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.

\*\* 2D models, 3D models and product images can be found on the product page of ZANAT website.

WOOD AND FINISHES  
— WITHOUT CABINET

Maple, white oil

Maple, black stain, matte polyurethane lacquer

Maple, wenge stain, matte polyurethane lacquer

Ash, oil

Ash, white oil

Oak, oil

Oak, white oil

Walnut, oil

\*\*\* Please note that colors are only indicative. In particular, color variations are possible in wood that is not stained.
