Stonehenge Stool

PRODUCT NAME

Stonehenge Stool

DESIGNER

Ludovica + Roberto Palomba

YEAR OF DESIGN

2020 - Stonehenge Stool (small)

2025 - Stonehenge Stool (large)

Stonehenge stool was inspired by ancient, small stools found across different cultures in multitude of designs. These tactile objects have an intrinsic appeal probably because they provide a gateway to the maker's hands and soul. The essence of such objects inspired the design of this stool, which brings together sculptural arts and refined craftsmanship in an object that could equally be seen Japanese, African or Western because it speaks directly to our deeply rooted sense of home and belonging.

* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.

** 2D models, 3D models and product images can be found on the product page of ZANAT website.
