Mostar Stool

PRODUCT NAME

Mostar Stool

DESIGNER

Naoto Fukasawa

YEAR OF DESIGN

2025

Mostar stool, designed by Naoto Fukasawa, simultaneously exudes sleek contemporary design and archetypal wooden sculpture, hand-carved by an artist from a single log of wood. Its elegant leg arches mirror the famous old bridge of Mostar, symbolizing unity and connectedness among peoples. The stool's underside, skillfully hand-carved by Zanat master woodcarvers, contrasts with its smooth exterior. The carving pattern was inspired by reflections of the emerald Neretva river on the underside of the bridge's arches. Available in solid walnut, maple, and ash wood with various stains.

CUSTOMIZATION OPTIONS

Additional customized finishes may be available upon request for larger contract orders.

* Product weights are approximate and vary based on wood species. Different wood densities affect overall weight, even within the same species. If only one weight is shown, it represents the average for maple, ash, and walnut—maple and walnut are similar, while ash is 4% heavier. Oak's weight can be estimated by adding 11% to the net weight. These variations may impact handling, transport, and usage.
