DESCRIPTION

The Column table is a statement piece with a robust yet refined form, ideal for both residential and commercial spaces. Its distinctive base transitions seamlessly from a square to a circle, creating a sculptural and dynamic presence. Carefully balanced proportions enhance both aesthetics and functionality, making it a striking yet practical addition to any interior. New for 2026: The collection introduces exciting variations of the Column table, including a single-base oval version and the Column Oval Double Base. These new interpretations preserve the iconic character of the original design while offering versatile options as statement pieces for diverse interiors.

PRODUCTION PROCESS

Tables are crafted from carefully selected, high-quality solid wood, chosen for its durability and distinctive natural grain. Each piece of wood is precisely cut and shaped to achieve clean lines and balanced proportions. Skilled artisans meticulously assemble the components using traditional joinery techniques, ensuring lasting strength and stability. Surfaces are finely sanded to enhance the wood's texture and prepare it for finishing. The final stage involves applying a chosen finish - whether natural oil, wax, or another treatment - to protect the wood and highlight its organic beauty. The result is a versatile, handcrafted table that seamlessly blends functionality with timeless design.
