Tommy Hyldahl

Snake Floor Lamp - Burned Black

Product Description

Snake Floor Lamp in Burned Black features a deep, charcoal-black tone finish enriched with a subtle warm red undercurrent. Bold yet quietly warm, the lamp is a study in movement, an exploration of how light can flow like a living line through space. Inspired by the silent grace of a snake in motion, each piece transforms solid metal into a gesture of softness, where curves and bends become expressions of quiet energy.

The form seems to move even when still. Slender pipes bend and twist with sculptural precision, leading the eye toward refined conic shades that emit a warm, inviting glow. The light diffuses gently, creating an atmosphere that contrasts beautifully with the cool tactility of metal. This balance between hardness and warmth, structure and fluidity, defines the collection's calm yet expressive presence.

Designed to shape both space and mood, the Snake Floor Lamp invites light to become part of the architecture, not merely an object but a motion captured in form. Each curve tells a story of transformation, where material becomes movement and illumination becomes emotion. The result is a timeless expression of modern elegance, simple, poised, and quietly alive.

Ideal for living rooms, bedrooms, or reading corners, the Snake Floor Lamp brings a dynamic sculptural presence to interiors. It works equally well as a statement piece beside seating, in corners that need soft illumination, or paired with Snake Wall Lamps to create rhythm and movement in a space.

Recommended Light Source: G9 light bulb

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Color Description

Burned Black is a deep, charcoal-black tone enriched with a subtle warm red undercurrent. Its matte powder-coated surface delivers a smooth, consistent appearance, while gentle tonal shifts emerge as light moves across it. Bold yet quietly warm, Burned Black brings depth, richness, and a refined architectural presence to any palette.

Snake Floor Lamp - Burned Black

Maintenance Guide Description

Our lights crafted in powder coated aluminium are designed to offer lasting durability and a refined, contemporary finish. To preserve their beauty and ensure long-lasting performance, regular and gentle care is essential. The powder coated aluminium should be dusted regularly with a soft, dry microfiber cloth, and for deeper cleaning, a slightly damp cloth with mild, pH-neutral soap may be used, wiping gently to avoid compromising the coating. Avoid abrasive pads, acidic or alkaline solutions, solvents, or metal polishes, as these can dull, scratch, or damage the surface. Always switch off and unplug the light before cleaning, and prevent exposure to excessive humidity or direct water contact to protect both the coating and the internal electrical components. With simple, consistent care, the powder coated aluminium will maintain its elegant finish, ensuring your light remains beautiful and timeless for years to come.

Materials Description

Powder-coated aluminium reflects the balance of strength and refinement. Each piece is coated with precision, resulting in a smooth and uniform surface that emphasizes form and silhouette with clarity. The finish enhances durability while introducing a calm, tactile character that enriches the material's expression.

Snake Floor Lamp - Chrome

Product Description

The Snake Floor Lamp in Chrome features a sleek, mirror-like silver finish with liquid clarity, polished to brilliance. Luminous and sophisticated, the lamp is a study in movement, an exploration of how light can flow like a living line through space. Inspired by the silent grace of a snake in motion, each piece transforms solid metal into a gesture of softness, where curves and bends become expressions of quiet energy.

The form seems to move even when still. Slender pipes bend and twist with sculptural precision, leading the eye toward refined conic shades that emit a warm, inviting glow. The light diffuses gently, creating an atmosphere that contrasts beautifully with the tactile metal. Color Description

Chrome is a sleek, mirror-like silver with liquid clarity, polished to brilliance. It reflects its surroundings with sharp precision, evoking the clarity of liquid metal. Luminous and sophisticated, this finish embodies modernist purity and serves as both a striking highlight and a refined counterbalance to textured tones.

Snake Floor Lamp - Chrome

Maintenance Guide Description

Our lamps finished in Chrome (Cr III) are crafted to reflect light with a mirror-like brilliance. To preserve this clarity and ensure lasting quality, regular and gentle care is essential. The surface should be wiped with a soft, dry microfiber cloth to remove dust and fingerprints, and for deeper cleaning a slightly damp cloth with mild, pH-neutral soap may be used, followed by immediate drying with a clean, lint-free cloth. Avoid abrasive pads, acidic solutions, ammonia-based cleaners, or strong detergents, as these can scratch the surface or dull its mirrored finish. Always switch off and unplug the lamp before cleaning, and keep it away from high humidity or direct water contact. With simple, consistent care, the Chrome (Cr III) finish will maintain its liquid-metal clarity and sleek, modern presence, ensuring your lamp remains striking and timeless for years to come.

Materials Description

The chrome finish combines technical precision with modernist clarity. Using Decorative Trivalent Chrome Plating (Cr III) on aluminium, the surface is polished to a mirrored brilliance that reflects its surroundings with sharp precision. Sleek and striking, it serves as a counterbalance to textured finishes, capturing light and form like liquid metal while embodying the clean lines of contemporary design.
