

DEMURO DAS

LEDGE COFFEE TABLE (NESTED)

The Ledge Coffee Table series pairs biomorphic slabs in the spirit of Isamu Noguchi with torqued, elliptical legs. Two complementary sizes allow for nested or standalone configurations, either of which makes for a dramatic focal point to any seating arrangement. Tops and bases can be made in a variety of materials, including metal and semi-precious stone, with each combination yielding its own beauty.

DIMENSIONS

MEDIUM: 1622mm [64"] (W) X 807mm [32"] (D) X 394mm [15.5"] (H)
