Column Table - Silver Travertine

Product Description

Column Table in Silver Travertine carries the clarity and discipline of 20th-century modernism, where form follows function and beauty is found in simplicity.

Defined by precise geometry and sharp, architectural lines, the table echoes the spirit of Bauhaus purity and the sculptural minimalism of mid-century design. Its compact yet commanding presence moves fluidly through interiors, offering quiet companionship beside a lounge chair, a rhythmic counterpoint when paired with other tables, or a sculptural focal point when standing alone. The hand-selected Silver Travertine surface, with layered tones of silver-grey, taupe, and soft earthy undertones, adds depth, warmth, and timeless elegance to the piece.

Place the Column Table in Silver Travertine next to a sofa, beside a bed, or in a hallway as a sculptural pedestal or functional surface. Its restrained form complements modern interiors, offering a grounded yet refined presence that blends seamlessly with contemporary and classic settings.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

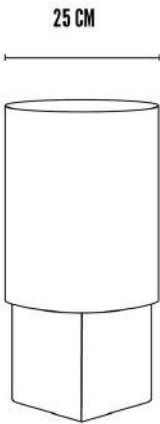

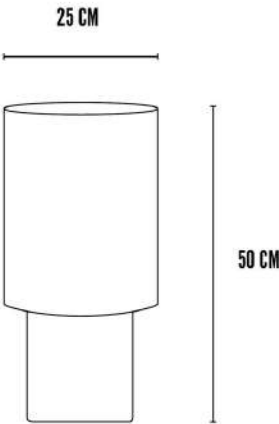

Column Table - Silver Travertine

Maintenance Guide Description

Silver Travertine is a natural stone, prized for its layered texture, subtle variations, and food-safe qualities. It can be enjoyed for both decorative purposes and serving. Clean regularly with a soft, damp cloth and mild, pH-neutral soap, then dry thoroughly to prevent water spots.

As travertine is porous, spills should be wiped away promptly to avoid staining, particularly from liquids such as wine, coffee, or oils. Avoid acidic or alkaline cleaners, vinegar, citrus, or abrasive pads, as these may etch or scratch the stone. For serving, use utensils with care and avoid cutting directly on the surface to preserve its finish.

With occasional sealing and mindful care, Silver Travertine will retain its natural depth, strength, and timeless beauty, enriching both everyday rituals and decorative settings.
