SOFT SHELF

M ARTISAN
D REGULAR COMPANY

Artisan uses solid wood from renewable resources in their production, only environmentally-friendly materials for treatment, natural oils and wax that emphasize the luxurious and organic beauty of wood texture and that enable it to “breathe” naturally. This emphasizes the natural color diversity, while the use of harmful chemical substances for wood treatment is avoided by using vinyl-based glue.
Pure nature, transformed and formed into one of the most honest designs.

As wood is a natural product, variations in color and pigmentation will occur. Wooden furniture will also change appearance over time as it is affected by the environment in which it is placed.
