OBJECT SPECIFICATION

TITLE	THE FRANKIE ARMCHAIR	DESIGN BY	LOUISE ROE	COUNTRY OF ORIGIN	PORTUGAL
-------	----------------------	-----------	------------	-------------------	----------

OBJECT DESCRIPTION

The Frankie Armchair draws from the proportions of classic European café furniture, reinterpreted through LOUISE ROE's architectural lens. Crafted from solid beech or ash, it celebrates craftsmanship, joinery, and repetition. Rhythmic wooden elements create tactility and visual clarity, balancing durability with a refined architectural character. Named after Frank, the beloved dog of Louise's son Emil, it reflects the welcoming spirit of spaces designed for gathering, conversation, and everyday living.
