Disclaimer:

Floors with aged character or character per original specification quadrant, have a gradual relief variation in the center. When they are cut for custom floorings, the microbevel becomes variable in depth and thickness. See images.

Character:

Medallions manufactured with character grade floors may have ± 1/32" thickness variances within assembly pieces.

Size Tolerance:

Height: ± 1/32"
Width: ± 1/32"
Thickness:± 1/32"
Angle: ± 1/32"
