

TED BRADLEY STUDIO

Mono Pendants Cluster 7 Invisible

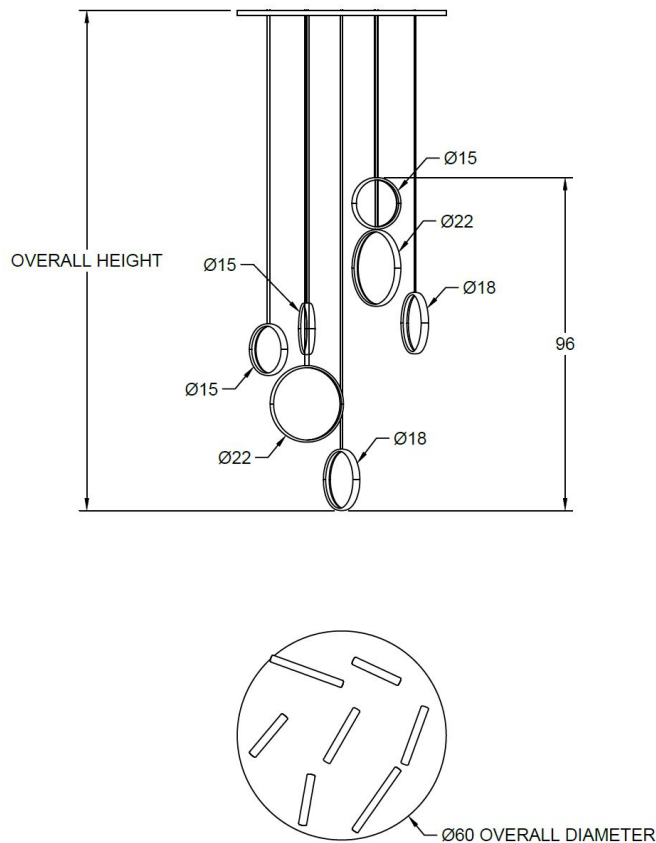

Exceptional craftsmanship. Unlike anything else.

Seven rings of various sizes dance in space. The number of rings and spacing can be adjusted to fill a space of any size.

The essence of Ted Bradley's sculptures are the porcelain rings. The sculptures shown here are celebrations of the rings, highlighting their form and character in their most essential state. Each ring hangs from an ultra-thin near invisible silver or brass cabling.

The sculpture can cast gentle candlelight on a dining table or brighten an entire room.
