

PARKING LOT LIGHT

Specifications

Construction:

- The rugged, one-piece die-cast aluminum housing features a complete heat sink that optimizes heat dissipation through convection cooling management.
- Low profile, 3G vibration rated compact design minimizes wind load requirements.
- Housing is completely sealed against moisture and environmental contaminants.

Optics:

- Available in IES Type II, III, IV, V distributions
- Light engines are available in adjustable color temperature (4000K&5000K&6500K) configurations.
- Optics is precisely designed to shape the distribution, maximizing efficiency and application spacing.
- The optics can conform to dark sky requirement.

Electrical:

- Universal 120-277 VAC or 200-480 VAC input voltage
- 10KA(@120-277V) and (@200-480V) surge protection
- 0-10V dimming driver standard for 10% to 100% dimming
- Power adjustable.
- THD: ≤20%
- Power Factor: ≥90%

Sensor:

- Photocell sensor.

Ambient Temperature:

- Ambient operating temperature -40°C to 45°C (-40°F to 113°F).

Installation:

- Suitable for mounting heights ranging from 40-80' in area lighting applications
- Round pole, Square pole, Slipfitter, Wall mount and Yoke are available.
- The design can be operated by one person to install the whole lamp

Lifespan:

- Estimated 100,000-hour LED lifespan based on IES LM-80 results and TM-21 calculations

Certifications:

- UL wet location listed
 - DesignLights Consortium™ Qualified for Outdoor Pole/Arm-Mounted Area and Roadway Luminaires, Architectural Flood and Spot Luminaires.
- Note: DesignLights Consortium™ Qualified and classified for DLC Premium, refer to www.designlights.org for details.

Note:

Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25°C (±5°C) specifications subject to change without notice.

Finish:

- Standard: Dark Bronze
- Optional: Black, Silver Gray, White, Custom Color.

MOUNTING

- Standard versatile mounting arm accommodates multiple drilling patterns as well as square and round poles
- Optional for cast aluminum slipfitter mounting adapter

Mounting Options

Slipfitter Mount: SZ-AM (500W)
An optional cast aluminum mast arm adapter secures fixture head to nominal 2-3/8"O.D. horizontal steel tenon arm.

DM Mount: SZ-DM (500W)
(4" and 5" Square and Round poles)
Standard versatile mounting arm is simple to install and can be used with existing poles for retrofit installations.

U Shaped Mount: SZ-UM (500W)
Can be converted into a floodlight

Yoke Mount: SZ-YM (500W)
Die-cast aluminum trunnion is easily adapted to many surfaces and allows easy fixture aiming angles.

PHOTOMETRICS

SZ offers a complete set of optical systems to meet every site lighting requirement. These systems provide remarkable flexibility in precisely matching light distribution patterns to specific site requirements.

Type 2 optics are ideal for applications where there is a need to space the luminaires farther apart along a road or pathway. The light distribution pattern is optimized for elongated areas, allowing for greater pole spacing without sacrificing lighting quality.

Type 3 optics produce an asymmetrical pattern that directs the majority of the light forward and equally on both sides of the luminaire. In a back-to-back configuration, it creates a rectangular pattern which can extend pole spacings.

Type 4 is suitable for applications where light is primarily required forward with minimal backlight. Typical installations include perimeter poles.

Type 5 optics produce a symmetrical square distribution pattern that distributes light equally on all sides of the luminaire. Type 5 luminaires is universal for most area lighting applications

ORDERING GUIDE

Example: SZ-PK500W-HDP-ACP

Company Code	Fixture Type	Wattage	Voltage	Sensor (optional)	ACP
SZ Company Name	PK Parking Lot	500W	LS: 100-277V HD: 200-480V	Blank With Photocell	ACP Adjustable CCT and Power 500W:240/300/400/500W 4000K/5000K/6500K

ACCESSORIES(Optional)

PK series features a backlight control which provides reduced pixilation and increased visual comfort without compromising performance. External Glare Shield: sold separately or as an accessory.
