

Sweeney Sanitation 2026 Newsletter

Tim and I would like to thank all of you for another incredible year. We are fortunate to have so many awesome customers. Please keep an eye on Facebook or your email whenever the weather is less than ideal. In the event we need to postpone or cancel any routes, these are the best methods for keeping everyone updated. Pricing and Volume sizes are available on our website. There is and always will be a calendar on our website: SweeneySanitation.com

Please follow these guidelines:

- Make sure the appropriate container(s) is curbside by 7am , or the night before.
If it is windy, feel free to use a bungee strap to secure recycling lid shut.
- Make sure garbage is 110% bagged and tied.
Recycling must be loose, with the exception of shredded paper.
SiouxFalls.org/RECYCLE has the absolute best guidelines! Or download the “binfluencer” app.
- Text me if you would like to sign up for Valet services.
Standard Valet starts at \$20 per month. Driveways exceeding 40 feet in length will be charged \$35 per month.
- I do not have space in my truck to pick up any “additional” trash on recycle weeks.
(Trash that doesn’t fit in the container with lid shut.) So please don’t put any out.
I will take additional bags of trash on NON-recycle weeks for \$5 each.

The landfill is increasing price rates for all 16 haulers within 5 counties. Price rate increases for 2026 are as follows:

65 gallon trash = \$3

95 gallon trash = \$3.25

Thank you for supporting our business! We wish everyone a very Happy New Year!

-Nick and Tim
