**EUROPEAN OAK TIMBER**

## AFFORDABLE AND ACCESSIBLE LUXURY TIMBER FLOORING

Get the beauty of a luxurious European Oak floor into your home whilst keeping to a budget. Woodtop 14/2 Oak features a hand-graded 2mm French Oak veneer on 7 layers of eucalyptus cross-bonded ply. With a 5G Click system, it's easy to install as a floating floor or as a trowel glued-down floor.

### EFFORTLESS 5G CLICK INSTALLATION

Fast to install with 5G Click system, floating click or full-trowel direct stick

### AUTHENTIC EUROPEAN OAK

Hand graded authentic 2mm European Oak veneer with colour-matched filler.

### SUPERIOR LACQUER PROTECTION

Exceptional Durability with 9 layers of Treffort Superios Lacquer.

### STABLE CORE

Exceptional stability with a 7 layer cross-bonded eucalyptus and birch core.

Experience warm, natural timber beneath your feet, designed for easy installation and long-lasting performance.

With Everfloor WoodTop Timber, you'll bring the beauty of authentic European Oak into your home.

### Surface Layer: 9 Layers of Ultra-Matte Treffort Lacquer

Experience the raw elegance of European Oak, revealed through a subtly textured, ultra-matte brushed lacquer finish that enhance its full colour, grain, and texture.

### Second Layer: 2mm European Oak

We use hand-graded 2mm French Oak veneer, with imperfections filled using colour-matched epoxy to enhance each tone's natural beauty. Graded to ABC standards for light colours and ABCD for darker colours, our timber strikes a refined balance of clean grain, colour variation, and character.

### Third Layer: Cross-Bonded Eucalyptus Core

Seven layers of cross-bonded Eucalyptus plywood ensure superior stability, minimising expansion and contraction. Paired with our 5G Click system and Quiet Click Technology, allowing for floating or fixed trowel adhesive installations.

### Birch Backing Layer

Backed with premium birch timber, a stable backing layer suitable for direct-stick or floating installations.
