

SAFETY DATA SHEET

SECTION 1: Identification

Products: FLOOR+ MS Adhesive

Other Means of Identification: Mixture

Recommended Use of the Chemical and Restriction on Use: Adhesive

Details of Manufacturer or Importer:

VBL IMPORT PTY LTD

WH2, 87 ALLINGHAM ST

CONDELL PARK 2200

02 8527 8707

Emergency telephone number: National Poison Information Centre: 13 11 26

SECTION 2: Hazard(s) Identification

GHS Classification Skin sensitization Category 1B - (H317)

Hazard statements H317 - May cause an allergic skin reaction

Precautionary Statements - Prevention

Avoid breathing dust/fume/gas/mist/vapors/spray

Contaminated work clothing must not be allowed out of the workplace

Wear protective gloves/clothing and eye/face protection

IF ON SKIN: Wash with plenty of water and soap

If skin irritation or rash occurs: Get medical advice/attention Take off contaminated clothing and wash it before reuse

Precautionary Statements - Disposal

Dispose of contents/container to an approved waste disposal plant

Other hazards which do not result in classification

Small amounts of methanol (CAS 67-56-1) are formed by hydrolysis and released upon curing. Causes mild skin irritation.

Standard for Uniform Scheduling of Medicines and Poisons (SUSMP)

No poisons schedule number allocated

Poison Schedule Number

Not applicable

SECTION 3: Material Compositions

Not classified as Hazardous according to the Globally Harmonised System of Classification and Labelling of Chemicals (GHS) and Safe Work Australia criteria. Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail. (7th edition) The product is not classified, according to the Globally Harmonised System (GHS).

Signal Word None

Hazard Statements None

Precautionary Statements None

Chemical Characterization: Mixtures

Description:

This mixture does not contain any notifiable substances. This product contains ethyl vinyl acetate copolymer, natural resins, conductive pigments and inorganic fillers. This product is solvent free.

Hazardous Components: None

SECTION 4: First Aid Measures

Inhalation: If inhaled, remove to fresh air. Seek medical attention if breathing problems develop.

Skin Contact: In case of skin contact, remove contaminated clothing and wash affected areas with water and soap. Seek medical attention if symptoms occur.

Eye Contact: In case of eye contact, rinse cautiously with water for several minutes. Seek medical attention if symptoms occur.

Ingestion: If swallowed, do not induce vomiting. Never give anything by mouth to an unconscious person. Seek medical attention if symptoms occur.

Symptoms Caused by Exposure: No adverse health effects expected.

SECTION 5: Fire Fighting Measures

Specific Hazards Arising from the Chemical:

No hazardous decomposition products known. This product is not flammable. Containers close to fire should be removed only if safe to do so. Use water spray to cool fire exposed containers.

For safety reasons unsuitable extinguishing agents: Water with full jet

Protective equipment: When fighting a major fire wear self-contained breathing apparatus and protective equipment

SECTION 6: Accidental Release Measures

Person-related safety precautions:

Wear approved dust/particulate filter respirator and full protective clothing. Evacuate all non-essential personnel from affected area. Do not breathe dust. Ensure adequate ventilation. Avoid generating dust.

Measures for environmental protection:

Do not allow product to reach sewage system or any water course.

Inform respective authorities in case of seepage into water course or sewage system.

Do not allow to enter sewers/ surface or ground water.

Measures for cleaning/collecting:

- Stop leak if safe to do so and sweep into a pile and shovel into drums for subsequent disposal.
- Avoid generating dust.
- Ensure adequate ventilation.
- Do not flush with water or aqueous cleansing agents.

Additional information: See Section 7 for information on safe handling.

SECTION 7: Handling and Storage**Precautions for Safe Handling:**

Use of safe work practices are recommended to avoid eye or skin contact and inhalation of vapours. Use outdoors or in a well-ventilated area. Food, beverages and tobacco products should not be stored or consumed where this material is in use. Always wash hands before smoking, eating, drinking or using the toilet.

Conditions for Safe Storage:

Store in a cool, dry and well ventilated area. Keep the container tightly closed when not in use. Protect from frost.

SECTION 8: Exposure Controls and Personal Protection**Exposure Standards:**

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

Engineering Controls:

Ensure adequate ventilation of the working area.

Respiratory Protection:

Respiratory protection is not required under normal use conditions.

Skin Protection:

Rubber or PVC gloves are recommended for prolonged exposure. Barrier creams may also be used. See Australian/New Zealand Standard AS/NZS 2161 for more information. When selecting gloves for use against certain chemicals, the degradation resistance, permeation rate and permeation breakthrough time should be considered. Occupational protective clothing (depending on conditions in which it has to be used, in particular as regards the period for which it is worn, which shall be determined on the basis of the seriousness of the risk, the frequency of exposure to the risk, the characteristics of the workstation of each worker and the performance of the protective clothing). See Australian/New Zealand Standard AS/NZS 4501 for more information.

Eye and Face Protection:

Eye and face protectors for protection against splashing materials or liquids. See Australian/New Zealand Standard AS/NZS 1337 for more information.

SECTION 9: Physical and Chemical Properties

Appearance:

Form: Paste / Gel Liquid

Paste Colour: Light Beige

Odour: Slight

Slight Odour Threshold: No information available

pH-Value: No information available

Melting point/freezing point: No information available

Initial Boiling Point/Boiling Range: No information available

Flash Point: Not applicable

Flammability: Product is not flammable.

Auto-ignition Temperature: Not applicable

Decomposition Temperature: No information available

Evaporation Rate: No information available

Solubility in Water: Non-dispersible

Dispersible Partition Coefficient (n-octanol/water): No information available

Viscosity: ~45 mPas (Brookfield RV7, 20 min -1)

Solids content: 0.2 %

SECTION 10: Chemical Stability and Reactivity Information

Reactivity: Product cures with moisture.

Chemical Stability: Stable under normal conditions

Explosion Data:

Sensitivity to Mechanical Impact: None

Sensitivity to Static Discharge: None

Possibility of Hazardous Reactions: None under normal processing

Conditions to Avoid: Product cures with moisture. Protect from moisture. Exposure to air or moisture over prolonged periods. Do not freeze. Keep away from open flames, hot surfaces and sources of ignition.

Incompatible materials: None known based on information supplied.

Hazard decomposition products: Small amounts of methanol (CAS67-56-1) are formed by hydrolysis and released upon curing.

SECTION 11: Toxicological Information

Hazardous Decomposition Products: No hazardous decomposition products known.

11 Toxicological Information

Toxicity:

LD₅₀/LC₅₀ Values Relevant for Classification:

- Oral LD₅₀: 5660 mg/kg (rat)
- Dermal LD₅₀: 4000 mg/kg (rabbit)

Acute Health Effects

- **Inhalation:** No adverse health effects expected.
- **Skin:** No adverse health effects expected.
- **Eye:** No adverse health effects expected.
- **Ingestion:** No adverse health effects expected.
- **Skin Corrosion / Irritation:** Based on classification principles, the classification criteria are not met.
- **Serious Eye Damage / Irritation:** Based on classification principles, the classification criteria are not met.
- **Respiratory or Skin Sensitisation:** Based on classification principles, the classification criteria are not met.
- **Germ Cell Mutagenicity:** Based on classification principles, the classification criteria are not met.
- **Carcinogenicity:** This product does NOT contain any IARC listed chemicals.
- **Reproductive Toxicity:** Based on classification principles, the classification criteria are not met.
- **Specific Target Organ Toxicity (STOT) - Single Exposure:** Based on classification principles, the classification criteria are not met.
- **Specific Target Organ Toxicity (STOT) - Repeated Exposure:** Based on classification principles, the classification criteria are not met.
- **Aspiration Hazard:** Based on classification principles, the classification criteria are not met.
- **Chronic Health Effects:** Prolonged exposure may cause skin and eye irritation.
- **Existing Conditions Aggravated by Exposure:** No information available
- **Additional Toxicological Information:** No information available

SECTION 12: Ecological Information

Aquatic toxicity: No further relevant information available.

Persistence and Degradability: No further relevant information available.

Bioaccumulative Potential: No further relevant information available.

Mobility in Soil: No further relevant information available.

Other adverse effects: No further relevant information available.

SECTION 13: Disposal Consideration

Disposal Methods

Waste from residues / unused products: Dispose of contents / containers in accordance with local, regional, national, and international regulations as applicable.

Contaminated packaging: Handle contaminated packages in the same way as the product itself.

SECTION 14: Transportation Information

ADG Not regulated

IATA Not regulated

IMDG Not regulated

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

No information available

SECTION 15: Regulatory Information

Australian Inventory of Chemical Substances

CAS: 24937-78-8: Ethyl vinyl acetate copolymer

Standard for the Uniform Scheduling of Drugs and Poisons (SUSMP) - Poison Schedule:

Not Scheduled

SECTION 16: Other Information

The contents and format of this MSDS/SDS are in accordance with 29 CFR 1910.1200(g)

DISCLAIMER OF LIABILITY

The information in this MSDS/SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This MSDS/SDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS/SDS information may not be applicable.
