

Residential Warranty

Crest Flooring products (hereby referred to as the floor) are covered by a residential warranty (hereby referred to as Warranty), effective from the date of purchase for the lifetime of the product.

In addition to any rights available under the Australian Consumer Law, Everfloor guarantees the floor will perform for up the lifetime of the product following purchase, when used in residential premises in accordance with ordinary household use and in line with our care and maintenance instructions.

Warranty Coverage

Structural Warranty

Guarantees against structural failure of the floor, whereby the floor becomes unsuitable for continued use as a floor covering. This includes a guarantee against delamination, splitting, separating and cracking of the floor under ordinary residential usage, for the duration of the Warranty. Please note excessive wear and tear, direct sunlight, high temperature fluctuations, prolonged high levels of moisture or other non-ordinary usage is not covered.

Surface Wear

Under ordinary household use, the surface wear layer will not completely wear through the surface and design layer for the duration of the Warranty. Precisely this means the print layer of the floor will not wear away greater than 4% per year on average and the floor will generally appear aesthetically pleasing and fit for purpose. However, this does not protect against scratches, chips, indentations, gaps, and appearance changes in the wear layer due to wear and tear.

Water-Resistance

The floor will not be affected from mopping, surface water or normal household spills. The floor will not swell, buckle or undergo any significant structural damage due to reasonable household exposure to water. This does not cover mould, mildew, or flooding, leaking pipes and appliance failure, or moisture that affects the adhesive.

Pets

The Vinyl floor will resist stains from domestic pets if messes and urine are immediately attended to and cleaned upon discovery.

Warranty Exclusions

Damaged Prior to Installation

This Warranty does not cover any damage caused during delivery, unpacking, installing, poor acclimatisation or otherwise altering the flooring. This Warranty does not cover planks with visible damage or issues that have been installed, as the installer has responsibility to visually inspect every floorboard prior to laying. Please refer to the Installation Guidelines (available on website) and follow instructions in the Pre-Installation section.

Warranty Exclusions (2/2)

Care and Maintenance Guidelines

This warranty does not cover damage caused to the flooring due to poor adherence or usage against our Maintenance Guidelines (available on website). This includes lifestyle, cleaning and specific activities to be avoided that may damage the floor.

Installation Guidelines

This Warranty does not cover inappropriate installations which do not adhere to our Installation Guidelines (available on website). The correct adhesives must be selected and applied during installation, and all adhesives are recommended to be hard-set to prevent seasonal movement.

All planks must be inspected prior to installation and any claims for defects must be made prior to installation of the plank. Planks that may demonstrate imperfections outside natural grading specifications would be deemed acceptable and suitable for installation

Colour and Surface

Slight colour and surface variations between boards and batches are normal and not a defect:

- ◆ An allowance of 10% wastage should be added to your installation requirements to cover off-cutting, plank selection & colour blending.
- ◆ The customer holds the responsibility of ensuring undesirable planks are not installed by inspecting them first. The customer may apply to switch a plank prior to installation if there are colour issues.

Subfloor Failure

As a surface floor covering, if the structural substrate changes due to movement or unevenness, the surface floor covering can be affected and damaged. Ensure the subfloor meets our Installation Guidelines and is not affected by abuse e.g. flooding.

This Warranty lasts 25 years from the original date of purchase or the lifetime of the floor, the shorter of the two options.
