

October IS
National
Farm To
School
Month

OCTOBER IS NATIONAL FARM TO SCHOOL MONTH,

a time to celebrate the connections happening all over the country between children and local food! This is a great time to get involved with farm to school for the first time or expand your existing program—here are a few ideas to help you get started:

- Feature a fresh, seasonal product in school meals
- Organize a local food taste test, prepared in several ways
- Plan a farm field trip or invite a farmer to your classroom
- Take students on a tour of the school kitchen or host a special event in your school garden
- Invite policymakers to join students for a meal in the cafeteria
- Highlight farm to school activities in your newsletter, website, or materials that go home to parents, like school lunch menus
