## Experience

### Product Designer at Accenture, !What If?

January 2025 - Present

Partnered with product, engineering, and business stakeholders to translate strategy into intuitive product experiences, balancing user needs, technical constraints, and business goals.

Clients: PPL Electric, National Parks Foundation

### Product Designer at Accenture, Liquid Studios

June 2022 - January 2025

Produced rapid design prototypes that helped clients understand and validate how emerging technology could evolve their business.

Clients: Disney, Sempra, AWS, Pfizer

### Product Designer at Accenture, Digital Products

December 2019 - June 2022

Collaborated with clients to create digital products. Responsible for refining requirements, wireframing, defining visual design, iterating, prototyping and smoothly hand-off to developers.

Clients: TD Bank, WellCare, Bank of America

### Course Assistant at Tufts University

January 2022 - May 2022

Assisted the Intro to Interface Design Course. Presented a demo for prototyping, graded work, and provided 1:1 design critiques.

### Design Apprentice at Accenture, Digital Products

October 2019 - December 2019

Worked on an apprentice team to go through the full lifecycle of building a web app. Evaluated continuously on growth in design abilities.

Clients: Circle K
