

Excellence in Grocery Design

Who We Are

WT Group's full-service architectural team is focused on meeting the needs of the grocery retail industry. Our clients range from the local corner market to the regional independent grocer to national corporations.

As a firm with a primary dedication to the grocery industry, we understand the unique design challenges inherent in the project type. The complex systems and fixtures present in the modern grocery store require a specific knowledge and skill set that we can provide.

Ultimately, the goal is improving the customer experience for those who shop every day. Whatever your vision to meet the needs of your customers, we are here with the knowledge to help make it a reality.

Over 90% of business comes from repeat clients

OUR PROMISE

Professionalism & Expertise

We have an outstanding team providing you with technical experience and dedicated to committing its best effort toward your project's success. We build long-term relationships with our clients, listening carefully to their needs and requirements so that we can deliver the solutions that exceed their expectations.

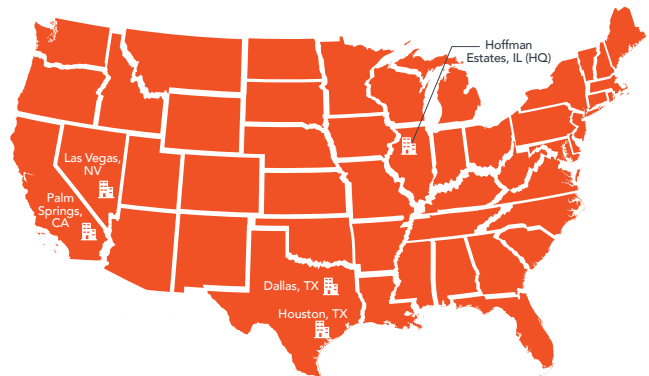

Seamless Design & Execution

We provide all of our clients with a single-source solution, which helps maintain the integrity of all projects from start to finish. For over half a century, our highly skilled engineering, design and consulting teams ensure a seamless design, delivery and execution.

Precision, Pace & Passion

Our architects and engineers have extensive experience working on a wide range of projects, from single fixture installations, to department upgrades, to multi-million dollar remodels, and new construction.
