

Design and Program Management

Who We Are

WT Group's Design and Program Management Solution has more than 200 years of combined experience in designing more than 2,000 facilities including: Food Courts, Restaurants, QSR's, Fast Casual, Convenience Stores, Retail Fuel Centers, and Car Washes.

Our priority is to assess, guide, problem solve and service each project to meet exacting needs and requirements of the client.

From concept to budgeting, permitting to construction, WT Group's Design and Program Management team will lead you through the process to complete a safe, functional, and aesthetically pleasing project.

With WT Group's nine practices areas, our team has an in-depth knowledge of mechanical, plumbing, electrical, structural, civil engineering, land surveying, accessibility consulting, and construction. Our knowledge, experience and skill ensure that your project will comply with the Americans with Disabilities Act (ADA) and all rigorous regulations, standards and certificates.

Our commitment is excellence.

All our projects and plans incorporate not only the functional and branding considerations of the client, but reflect the visual aesthetic of the community

Our team works to bring corporate visions to life through a range of in-house services that cover design, zoning, permitting, and ultimately, construction

We have over 200 years of core knowledge and extensive experience in site planning, building design, zoning approval and obtaining building permits

Types of Projects
GAS STATIONS/CAR WASHES
CONVENIENCE STORES/QSR's

OUR PROMISE

Collaboration and Knowledge

Before any project begins, we conduct a full site assessment, code and regulation review. Full knowledge of the client's needs, challenges and requirements are integral to successful project completion. We then collaborate with owners and clients to achieve aesthetic, safe and sustainable design.

Efficiency and Economy

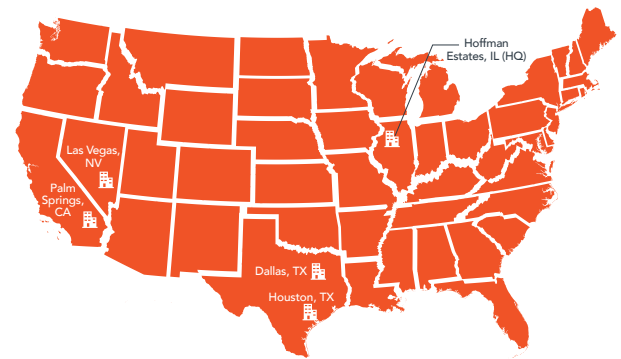

We seek efficient and economical engineering, design and construction solutions. Anticipating and addressing construction problems in advance saves our clients both time and money. Our ability to scale up or down to meet the specific scope of each project results in efficient, economical use of resources.

Safety and Aesthetics

We design facilities that are as safe as they are beautiful. WT Group's Design & Program Management Solution is a group of seasoned Professionals aimed at seeing your business design and development plans come true.

At WT Group we strive to communicate effectively with our clients and their extended team to coordinate all efforts necessary to provide the knowledge and services needed to deliver the greatest value to our client.
