

Mechanical, Electrical & Plumbing Engineering

Who We Are

Our Mission - To provide an unparalleled engineering, design and consulting experience through precision, pace and passion.

Our Ambition - To be the best consulting firm by delivering complete integrated solutions, uniquely personalized attention and unmatched passion, as measured by our employees, clients and community. Since MEP's inception over fifty years ago, our fundamental principles are still the foundation by which we operate.

Quality - By harnessing the potential of our people and technology, we create environments that are both comfortable and sustainable.

Service - We communicate with authenticity and accountability with your goals in mind.

Teamwork - Our effectiveness and efficiency across our practice areas fuels creativity, consistency and innovation, resulting in integrated solutions and a competitive advantage.

100+
YEARS

More than 100 years of knowledge, not only in the design process, but also with hands-on field experience bringing a unique contribution to our team

The depth and diversity of our professional talent provides a seamless process incorporating all aspects of design, planning and execution

Over 1,200 hours in donated services given annually to projects such as Hesed House, Children's Advocacy Center, Waco and Clearbrook

OUR PROMISE

Precision

WT Group professionals approach every project with a commitment to precision and a focus on deep, trusting client partnerships. Every project begins with full knowledge of the client's needs, challenges and requirements, followed by an in-depth site assessment and planning process. We then collaborate with owners and architects to achieve aesthetic, safe and sustainable design.

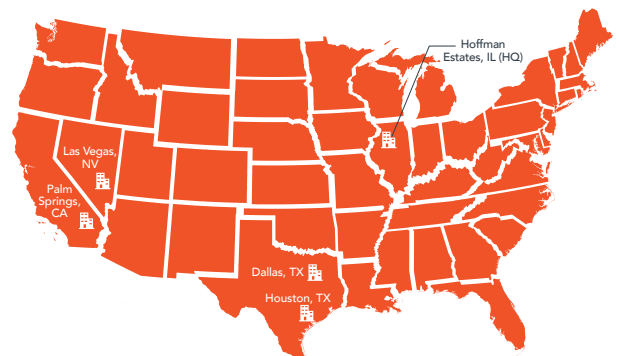

Pace

Our experienced professionals understand the urgency of executing clients' projects on time and on budget. We combine creativity and efficiency to complete projects at a pace unequaled in the industry. Anticipating and addressing potential construction problems in advance saves our clients both time and money.

Passion

From humble, entrepreneurial beginnings, we have built a team with a diverse and impressive portfolio of credentials and professional experiences, both in the engineering design process and in hands-on field experience. Their talents and expertise are delivered on every project, further cementing the WT Group's reputation as a leader in the engineering, design and consulting industry.
